

**Follow these simple instructions
to get ready to watch the
Passport to Rising Star video
and follow along!**

1. Print out the passport. Color is fun, but black & white is okay too!
2. Fold the paper hamburger style (horizontally) from bottom to top so that "Passport" faces the outside.
3. Fold the paper hot dog style (vertically) so you now have a little booklet with the map facing the inside.
4. Grab a writing instrument: pen, pencil, crayon, or marker are all great!
5. Watch the video and get ready to Fly with the Stars!
